FIRST EMPLOYEE

John Higgins, Senior Vice President and General Counsel, joined the Devil Rays organization as its first employee on April 1, 1995.

VINCENT J. NAIMOLI

MANAGING
GENERAL PARTNER/CEO

It was the summer of 1997, more than two years after Vince Naimoli and a locally based ownership group were awarded a Major League Baseball franchise, and still a few months before the new team, the Tampa Bay Devil Rays, would take the field for the First Opening Day at Tropicana Field.

Vince Naimoli, the club's managing general partner and chief executive officer, was filling his days, nights and weekends with the seemingly endless task of preparing for the inaugural season. Somehow, he still found time to cheer on the Class A Florida State League Devil Rays from his seat behind home plate at then–Al Lang Stadium. And when the Devil Rays won the FSL championship that summer, nobody enjoyed the moment more than he did, as he joined the players and coaches in the traditional post-game champagne celebration.

Not a lot of big league owners would spend a lot of time at a minor league ballpark. But as a long-time fan who grew up rooting for the Brooklyn Dodgers, Naimoli simply enjoys the game of baseball. He enjoys mingling with fans. He spent a lot of time that summer talking baseball with fans in the stands, sharing their enthusiasm for the Devil Rays and encouraging them to offer their thoughts on baseball in Tampa Bay. It was a unique, sincere display of his devotion to the Devil Rays, but to those who know and work with Vince Naimoli, his passion for the game and the success of the entire organization come as no surprise. He worked with a tireless passion to spearhead the effort to land a big league team in Tampa Bay. He continues to work as hard as anybody in the organization to do everything possible to make the club a success.

In typical fashion, Naimoli has emerged as a leader in tackling and trying to resolve tough issues important to the overall welfare of the game. In addition to serving on several MLB committees, he was named in January 1999 to the Blue Ribbon Task Force on Baseball Economics, which includes executives from several teams and Senator George J. Mitchell, former Senate Majority Leader; Paul A. Volcker, former chairman of the board of the Federal Reserve System; Richard C. Levin, president of Yale University; and syndicated columnist George Will. The task force will analyze all aspects of baseball's economic system and make recommendations that address the economic issues and problems that exist in the game.

Closer to home, the Tampa Bay area's quest for a big league team is a well-chronicled, 20-year success story borne of the diligence and determination of a long line of dedicated community leaders that includes Naimoli, who in 1991 accepted the challenge to bring the National Pastime to Tampa Bay. From the outset, he simply refused to accept failure, the hallmark of his business philosophy. Five years later, on March 9, 1995, Tampa Bay finally got its team, along with the estimated $200 million it will bring annually to the local economy.

"It was a path of 10,000 steps, 10,000 phone calls, 10,000 frustrations," recalls Naimoli, who has also relocated two Fortune 500 Companies to the area. "But we have started down a new path toward giving Tampa Bay a winner on and off the field."

His commitment to producing a winner is well-documented. It dates back to November 1996 when the Devil Rays outbid numerous major league clubs to sign *Baseball America's* top-ranked left-handed and right-handed high school pitchers from that year's June amateur draft: Bobby Seay and Matt White. It continued in the spring of 1997 when the Rays outbid the competition for free agent Cuban ace Rolando Arrojo.

In the fall of 1997, the Devil Rays stepped out of the pack again to land free agents Roberto Hernandez, Wilson Alvarez, Dave Martinez, Paul Sorrento and Wade Boggs.

That commitment is also manifested in the Devil Rays' ownership of three of their minor league clubs — Class A St. Petersburg, Class AA Orlando and a Rookie League team in Princeton, along with a partial interest in a fifth (Class AAA Durham).

"It is another case where Vince Naimoli and the ownership group are doing everything they can to bring a championship to Tropicana Field," says Devil Rays Senior Vice President for Baseball Operations and General Manager Chuck LaMar. "Ownership of this many of our minor league teams assures us of stability and uniformity as we bring our players along through our system. It's a step above and beyond the norm."

Naimoli, who graduated from the University of Notre Dame with an engineering degree, oversaw the 16-month, $85 million expansion and renovation of Tropicana Field. It was a remarkable transformation that turned the dome into one of the best indoor ballparks in sports. He insisted that Tropicana Field's new design reflect the game's traditional ways, and as a result it has, among other distinctive features, asymmetrical outfield dimensions, on-the-field bullpens, seats close to the action and the first artificial turf field in more than 25 years to incorporate dirt base paths.

Another point of concern of the Rays' principal owner was providing more than adequate access for the handicapped. Thanks to his efforts in this area, Naimoli was recognized in 1996 when he was presented with the first C.A.P.I. Accessibility Award from the Committee to Advocate for Persons with Impairments.

Naimoli leads an ownership group that, significantly, has ties to the area. Their desire for the Devil Rays to have a year-round presence in Tampa Bay received a boost when Naimoli signed a lease with the City of St. Petersburg to keep the Rays home for spring training. In 1998 the Devil Rays were the first major league team to train in their home city since 1919; they're doing so again in 1999.

A firm believer in "giving back to the community," Naimoli has been involved in countless charitable projects throughout the Tampa Bay area. He saw to it that the Devil Rays are a major sponsor of Major League Baseball's RBI Program (Reviving Baseball in the Inner Cities). He was the driving force behind the establishment of the Devil Rays own charitable foundation, the Tampa Bay Rays of Hope Foundation, and he has served as chairman or honorary chairman of numerous charitable fund-raisers.

Naimoli, a 22-year Tampa resident, received the first "Bridging the Bay" Award in 1996, recognizing him as the individual who has done the most to unite the citizens of Hillsborough and Pinellas counties. He has received similar community service awards from the Urban League, the Jewish National Fund, the Tampa Sports Club, St. Petersburg Junior College, Boys and Girls Clubs, the Multiple Sclerosis Society, the City of St. Petersburg, the City of Tampa and various other chambers of commerce.

Naimoli, who is Chairman, President and Chief Executive Officer of Anchor Industries International, was named "1995 Florida Entrepreneur of the Year" in the "turnaround" category. Creditors appointed Naimoli director of Harvard Industries in September 1992, one month after the company emerged from bankruptcy reorganization. A year later, the company attained almost $7 million in earnings, up from a loss of $131 million a year earlier. Doehler-Jarvis Inc., North America's largest independent manufacturer of aluminum castings, was preparing to file for bankruptcy in November 1991 when Naimoli assumed control. In 1992 the company lost $29 million; in 1993 it had profits of $10 million. Also notable were the turnarounds he led in the 1980s as Chief Executive at Anchor Glass Container Corporation and later at the Ladish Company, a Wisconsin industrial parts company; Electrolux Corporation; Regina Company; and as a director of National Gypsum Company.

Naimoli was born and raised in Paterson, N.J., one of four children in a working class family. His father, the son of Italian immigrants, was employed by the New York City subway system and later taught himself to become a Stationary Engineer. One of his early baseball memories is painful: He was listening to his portable radio while on his newspaper route when Bobby Thompson's home run for the New York Giants beat his favorite team, the Dodgers, for the 1951 National League pennant.

After graduating from the inner city's Paterson Central High School, he attended Notre Dame on a Navy ROTC scholarship (he took the Marine Corps option), graduating

in 1959 as a member of the Engineering Honor Society (TAU BETA PI). He took night classes at the New Jersey Institute of Technology, earning his M.S. in mechanical engineering in 1962. Two years later, he received his M.B.A. from Fairleigh-Dickinson University (Magna Cum Laude), also through night classes. In 1974, he completed Harvard Business School's Graduate Advance Management Program. He is a registered professional engineer in five states.

He is Chairman of the University of Tampa's Board of Trustees, Director of Florida Progress Corporation and Russell Stanley Corporation. He received Northwood University's 1999 Outstanding Business Leader Award, and the Notre Dame College of Engineering Distinguished Service Award in 1987. He was also Chairman of the Notre Dame College of Business Advisory Council from 1992 to 1994 and is currently a member of the Notre Dame President's Development Council and its Sub-Committee on Athletes. Naimoli also serves on Major League Baseball's Equal Opportunity, Legislative Affairs, Umpire Development, Revenue Sharing and International committees.

An avid fan of all Fighting Irish athletic teams, Naimoli frequently attends Notre Dame football games with his wife, Lenda, who retired as an Eastern Airlines flight attendant after 24 years of service and who has an identical twin, Mrs. J.E. (Glenda) Young. He is the father of four daughters: Christine, an Arizona State graduate; Tory Ann, a Stephens College and Kellogg Graduate School alumnus; Alyson, a Notre Dame graduate; and Lindsey, who attends high school in Tampa.

CHUCK LaMAR

GENERAL MANAGER AND SENIOR VICE PRESIDENT FOR BASEBALL OPERATIONS

On July 19, 1995, almost three years before the Tampa Bay Devil Rays played their first game, Chuck LaMar was named the club's senior vice president for baseball operations and general manager. That was also the day he accepted what he considers his greatest and most rewarding challenge: to build an expansion franchise into a consistent, championship-caliber baseball team. Or, in broader terms, to bring a championship to the Tampa Bay area.

LaMar, who built a career on delivering results for championship teams with the Braves, Pirates and Reds, has always believed that success is a direct result of hard work, and his dedication reached even greater heights in his new role with the Devil Rays. For proof, look no further than a seven-month stretch leading up to the November 1997 expansion draft, during which he traveled more than 100,000 miles — including trips to seven foreign countries — to personally observe players on every major league team and many of their minor league affiliates. That's just one example of a work ethic shared by him and his entire staff of carefully selected career baseball professionals. Their goal is to create an efficient, successful system that can scout, develop and produce the talent needed to field a competitive major league team, and they work relentlessly to achieve that objective.

The most recent evidence of success is also the most apparent, as 26 of the 34 players in Tampa Bay uniforms at the end of the expansion draft earned major league roster spots sometime during the inaugural season (23 as draft picks, three through trades of draft picks). It was this adeptly configured mix of veterans and rookies that

responded by becoming the only expansion team in history to finish its first season among the top five clubs in its league in both pitching and defense.

Less celebrated but no less significant was the overall performance of Tampa Bay's seven minor league affiliates in 1998. The seven teams — four of which won division championships — accumulated a .5334 systemwide winning percentage, earning Tampa Bay another top-five ranking.

LaMar, 42, is quick to attribute the organization's impressive achievements — and those of his scouting and player development staff — to an unwavering adherence to the club's philosophy: to become as competitive as possible as quickly as possible while keeping sight of more critical long-term goals, which include a focus on fiscal responsibility and acquiring players with character, both on and off the field.

So impressed was Devil Rays Managing General Partner Vince Naimoli by LaMar's innovative ideas and exceptionally strong dedication that on Jan. 13, 1998, some 2 1/2 months before the team's first major league season began, he signed LaMar to a new five-year contract.

"We couldn't be more pleased with what Chuck has accomplished," Naimoli said on the day he announced LaMar's new agreement. "From the outstanding staff he has hired to the progress he has made in areas such as international baseball and minority internships to the players and prospects we have acquired, it is very obvious that Chuck is one of the brightest minds in baseball."

LaMar has assembled an experienced and respected baseball operations staff, and has led them through three amateur drafts in addition to the expansion draft. He orchestrated the moves that brought Fred McGriff, Roberto Hernandez, Wilson Alvarez, Wade Boggs, Dave Martinez and Paul Sorrento to Tampa Bay, additions that *Baseball Weekly* labeled in 1998 as "easily the best collection of new talent anywhere in the game this past off season." A year later he addressed the team's most pressing need by bringing right-handed slugger Jose Canseco to Tampa Bay.

He was also responsible for signing a trio of coveted free agent pitchers: former Cuban ace Rolando Arrojo and 1996 first round draft picks Matt White and Bobby Seay, handling the unique negotiations that went along with all three. He arranged for the Devil Rays to hold their first major league spring training camp in their home city — a bold, unprecedented step in modern-day baseball. And it was his research that led to the incorporation of the all-dirt basepaths at Tropicana Field, the first indoor ballpark in more than 25 years with that distinctive feature.

LaMar has engineered the construction of a farm system that already ranks as one of the best in baseball, featuring top-rated facilities, Devil Rays ownership and close proximity to Tampa Bay. All six affiliates (Orlando becomes a full-fledged Devil Ray affiliate in 1999) are located on the East Coast: four in the southeastern United States, two within the state of Florida. The crown jewel of the system is the Durham Bulls, one of the game's most storied teams, beginning its second season as a Triple A franchise.

Under LaMar's leadership, the Devil Rays have also made significant strides in the international arena, establishing a baseball academy in the Dominican Republic and signing working agreements with the Mexico City Tigers in the Mexican League and the Seibu Lions of the Japanese League.

LaMar came to the Devil Rays from the Atlanta Braves, where he had been assistant general manager for player personnel under Braves General Manager John Schuerholz, who characterized LaMar this way: "He's the most talented guy in baseball in the areas of scouting and player development who wasn't already a general manager."

With the Braves, LaMar was responsible for the formation and implementation of baseball's first minority intern program in the areas of scouting and player development. He has established a similar program, called the Career Initiative Program, with the Devil Rays.

LaMar joined the Braves organization as the club's director of scouting and player development in 1990. In 1993, he was promoted to assistant general manager for player personnel, in which capacity he oversaw the scouting and player development departments and was involved with all major league personnel matters.

in 1991 as Minor League Organization of the Year. In 1996, thanks in part to many of the players signed under LaMar's leadership, the Braves again were chosen *Baseball America's* Organization of the Year. The Braves were National League Western Division Champions in 1991, 1992, 1993 and 1995. They were NL Champions in 1991 and 1992, and World Champions in 1995.

Prior to joining the Braves, LaMar served as the Pittsburgh Pirates' director of minor league operations for the 1989 and 1990 seasons. In that capacity he was responsible for all aspects of the Pirates' minor league system, and proved instrumental in helping to build a Pirates club that won three National League Eastern Division titles beginning in 1990. He also was responsible for signing one of Major League Baseball's first working agreements between a major league club and Australian team.

LaMar started his major league career in 1985 as a scouting supervisor with the Cincinnati Reds, helping build a team that won the world championship in 1990. During his four years as scouting supervisor, LaMar signed 10 players who made the Reds' 40-man roster, seven of whom eventually played in the major leagues. He was also responsible for signing one of Major League Baseball's first working agreements with a Mexican League team.

In 1978, LaMar graduated from Texas Christian University with a B.S. in Physical Education. While at TCU, he captained the Horned Frogs baseball team and led the team in hitting in 1977. After graduating, he went on to teach and coach at St. Thomas High School in Houston for two years. He then advanced to the collegiate baseball ranks as an assistant coach at Indiana University (1980-1983) and head coach at the University of Mary Hardin-Baylor, an NAIA school in Belton, Texas (1983-1985).

LaMar, who was born in Twin Falls, Idaho, and raised in Houston, was a three-sport letterman and captained all three sports at Houston's Madison High School.

Baseball runs in his family. Three members of his family — his grandfather, Charles Hart LaMar; his father, Charles William LaMar; and his younger brother, Danny, a first-round draft choice of the Reds in 1979 — all played minor league baseball.

LaMar and his wife, Cheryl, have three children: Sarah, 16; Emily, 14; and Charlie, 6. They reside in Clearwater and are members of the First United Methodist Church of Clearwater. He is active in numerous charitable activities in the Tampa Bay area. One of his proudest efforts is the Chuck LaMar Mercury Marine Grand Slam Celebrity Fishing Tournament, held for the first time in November 1998 in St. Petersburg. The two-day event on Tampa Bay, which paired anglers with a celebrity, raised funds for the Tampa Bay Pediatric Cancer Foundation.

IN MEMORIUM, 1942-1999

RAY NAIMOLI

SENIOR VICE PRESIDENT, CHIEF FINANCIAL OFFICER

Ray Naimoli, senior vice president and chief financial officer for the Devil Rays, died of cancer on March 14, 1999. He was only 56 and he had suffered from lung cancer for 4 1/2 years, but the news was still very sad for his wife, Rita, and their four children, as well as the Devil Rays organization.

When he was first diagnosed with lung cancer, he was told he had only a short while to live. He had beaten that prognosis. You had the feeling he believed he could whip the disease into submission, too. If anyone could, it would have been Ray, especially if sheer will alone was the determining factor.

In a candid moment in late 1998, he talked about how he refused to surrender to his doctors' dire prediction, and how he insisted on receiving the full dosage of chemotherapy treat-

ments, even when the doctors didn't think it was totally necessary. The treatments took a severe toll on his health, but he was convinced they were also prolonging his life.

"I believe in knocking back the cancer as much as I can," said Ray, wearing, as usual, a red Devil Rays hat to cover the hair loss he suffered because of the treatments. Then, with a little smile and lot of pride, he added, "Plus it probably helps that I'm a stubborn old goat who refuses to give up."

Indeed, to those who worked with Ray on a daily basis, he was known for being tough. He was a shrewd but fair business executive, and a hard-nosed but brilliant negotiator, and he provided invaluable counsel to his brother, Vince, the team's managing general partner, during Vince's first attempts to secure a big league franchise for the Tampa Bay area. His counsel became even more critical when, after the franchise was awarded, the huge task of building a team from scratch fell on a small handful of people. As much as anybody, Ray deserves credit for getting the Devil Rays onto firm footing as a major league organization.

At the same time, to those who had more than a working relationship with Ray, he was a friend you could count on when help was needed. He provided advice, in confidence, to employees in distress. He made calls to make things happen for employees who needed a favor. And one night, when a female employee had to use a spare tire to make a commute home to north Tampa, he followed her in his car to make sure she arrived safely.

"That was nice of Ray to follow me all the way home," she said the next day. "Not everybody would have done that."

But that was Ray Naimoli. Between negotiating high-stakes marketing deals and going out of his way late at night to help a fellow employee, he was the kind of person you'd want on your side. The Devil Rays are a better organization because of him. And even though it is sad to know we'll no longer be seeing him around Tropicana Field, it's also comforting to know that somehow, somewhere, Ray Naimoli will continue cheering for his favorite baseball team.

JOHN HIGGINS

SENIOR VICE PRESIDENT, GENERAL COUNSEL

John Higgins joined the Devil Rays organization as its first employee on April 1, 1995, when he was named the team's Senior Vice President and General Counsel. He serves as the team's attorney, managing all contractual and legal matters, in addition to working closely with the organization's business and baseball operations.

Higgins has practiced law in the Tampa Bay area since 1979, specializing primarily in corporate, commercial and real estate law. He is also a Certified Public Accountant. For three years prior to joining the team, he represented Vince Naimoli and the rest of the Tampa Bay ownership group in its efforts to acquire a Major League Baseball franchise for the Tampa Bay area. In addition to his responsibilities with the Devil Rays, he is "Of Counsel" to the Holland & Knight law firm.

Higgins received his Bachelors of Business Administration degree from the University of Notre Dame in 1975 and his Juris Doctorate degree from Duke University School of Law in 1979. He resides in St. Petersburg, his home since 1960, with his wife, Robin, and sons, Sean Patrick (13) and Patrick Ryan (10).

A past Chairman of the St. Petersburg Area Chamber of Commerce and the Pinellas Association for Retarded Children, he currently serves on the Board of Directors of All Children's Hospital, the United Way, the St. Petersburg/Clearwater Area Sports Foundation, the University of South Florida Campus Advisory Board, the St. Petersburg Downtown Partnership, the Clearwater Area Chamber of Commerce, and on the executive committee for the 1999 NCAA Final Four to be played at Tropicana Field.

MIKE VEECK

SENIOR VICE PRESIDENT OF SALES AND MARKETING

To Mike Veeck, baseball is, first and foremost, a *game*. It is why tens of millions of fans flock to ballparks every summer, and it is why he believes it is so important to do everything possible to never lose sight of that essential truth. Buy into that fundamental premise, then devote your energy to one all-encompassing goal: to make coming to the ballpark a fun experience. It is, he preaches, a simple equation. Get people to come to baseball games. Make sure they have a good time and enjoy the sport. The reward takes care of itself: The more fun people have, the more they'll want to come back.

It is a philosophy he grew up with and today, at age 47, he adheres to that belief with a passion. Love what you do. Have fun at what you do. If you must, let baseball be big business behind the scenes. At all costs, make sure it's show business when the fans arrive at the ballpark. It has worked for him before, as the owner of five minor league baseball teams that have made headlines for fun, crazy, off-the-wall promotions. By no coincidence, his teams have also made history for setting attendance records. It is a philosophy he inherited from his late father, Bill, a Hall of Fame team owner renowned for his ingenious promotions and visionary innovations as owner of the St. Louis Browns, Cleveland Indians and Chicago White Sox.

To the casual sports fan, Bill is well known for introducing the exploding scoreboard at Chicago's Comiskey Park and hiring a midget (Eddie Gaedel) to pinch-hit during a 1951 Browns game. To those more familiar with the game, Bill was a pioneer who introduced fan-friendly ideas such as Bat Day, post-game fireworks and player names on the back of uniforms. He was also involved in creating one of baseball's most enduring images: Bill helped plant the ivy on Wrigley Field's walls. One of his greatest acts was signing the American League's first black player, Larry Doby, to a contract with the Indians in 1947. One year later, he signed Satchel Paige, the legendary Negro League pitcher, making Paige, at 42, the oldest rookie in baseball history. It was also in 1948 when his Indians won the World Series. Eleven years later, as owner of the White Sox, Chicago won the AL pennant.

Go back further in history and you'll discover how deep the Veeck family's roots are in baseball. Bill's dad, Bill Sr., was president of the Chicago Cubs from 1919 to 1933. It was during his tenure that the Cubs set a record for the largest crowd (51,556) to see a game at Wrigley Field. Again, in typical Veeck fashion, it occurred during a Ladies Day promotion.

To be sure, the Veeck family has built an extraordinary legacy in America's favorite pastime. Their legacy is a passion and a joy for the game and how the game is presented to fans. It is this passion and joy that Veeck brought to the Devil Rays on Oct. 15, 1998, when he was named Senior Vice President of Sales and Marketing. In accepting the position, he also became an investor in the club, along with several business partners, including actor Bill Murray, who has become one of Veeck's best friends.

Officially, Veeck is responsible for the club's sales, marketing, promotions and advertising. Unofficially, he is in charge of making Tropicana Field one of the most friendly, enjoyable, family-oriented big league ballparks in America. For that reason, his marketing plan features an advertising campaign built around the slogan, "Off The Wall," pun most certainly intended, and more than 70 promotions, including pregnant women being admitted free on Labor Day and "Conversion Day," when Yankees fans can turn in their Yankees cap for a free Devil Rays cap.

Upon joining the Devil Rays, Veeck relinquished his overseeing of the day-to-day operations of the Charleston (S.C.) RiverDogs, one of his five minor league baseball teams and a Class A affiliate of the Devil Rays. He still maintains ownership in the club and continues to consult on its affairs. He also continues to hold similar ties to clubs he co-owns in Fort Myers, St. Paul, Minn., Sioux Falls, S.D., and Hudson Valley (Fishkill), N.Y., another Class A affiliate of the Devil Rays.

Veeck began his baseball career in 1975 as Assistant Business Manager and Director of Marketing for the Chicago White Sox, where for five years he helped his father rekindle interest in Chicago's South Side team. He is best remembered in baseball annals as the mastermind behind Disco Demolition Night at Comiskey Park in 1979. The anti-disco promotion, which featured exploding disco records, grew out of control with rowdy fans and eventually forced a forfeit of the second game of a doubleheader. Living up to two of his tenets — be willing to take chances and maintain a healthy sense of humor — he will celebrate the 20th anniversary of Disco Demolition Night at Tropicana Field in 1999. The promotion, he emphasizes, does *not* include any forfeits ("at least that we know of," he adds with a gleam in his eye).

In the 1980s, Veeck took his talents to the world of advertising. He worked as Vice President of Client Services for Wexler, McCarron & Roth, and eventually started his own firm, Noble Veeck Advertising. Still missing baseball, he returned in 1990 as Vice President of Marketing for the then-Miami Miracle of the Florida State League. He quickly saw an enormous potential to have fun in minor league baseball. He just as quickly found a dog to bring baseballs to umpires, hired a play-by-play announcer whose color analyst happened to be blind and erected a barber seat in the bleachers for those wishing a trim while enjoying the game. Within months the Veeck name again became synonymous with fun at the ballpark. The Veeck legacy was reborn. It was also validated two years later: His peers voted him the 1992 Larry McPhail Award as the minor league promoter of the year.

A year later, he became co-owner and President of the St. Paul Saints franchise in the independent Northern League. The league, dormant for 20 years, was revived under the premise of bringing baseball back to the fans in an affordable, enjoyable fashion. Despite the presence of the big league Twins only seven miles away, the Saints became one of the biggest success stories in professional baseball. In 1995 the club set the all-time professional short season attendance record with 258,000 fans at Midway Stadium, averaging more than 6,300 fans per game and filling the ballpark to 99 percent capacity. In 1997, exactly 50 years after his dad's Larry Doby signing with the Indians, Veeck struck another blow for equality by signing Ila Borders, the first woman to play professional baseball.

In addition to his baseball interests, Veeck travels the country as a popular speaker well known for making audiences think as well as laugh. His unique story has also created interest from the national media, as he has been the subject of stories on *60 Minutes, CBS Sunday Morning*, ESPN's *SportsCenter*, ABC's *Wide World of Sports, Nightline, Late Night with Conan O'Brien* and National Public Radio's *Weekend Edition*.

Veeck is the father of two children, Night Train and Rebecca. He and his wife, Libby, reside in St. Petersburg.

HISPANIC RADIO

Beginning this year, the Devil Rays will broadcast their entire 1999 schedule in Spanish over Mega 760-AM. The agreement is three years in length and represents the most extensive broadcasting commitment ever between the Hispanic community and a professional sports team in Tampa Bay. The agreement also includes joint partnership on community events and activities and promotional awareness campaigns.

During his tenure with the Orioles, Vaughn was responsible for the public relations efforts surrounding the closing of Baltimore's Memorial Stadium in 1991, and the opening of Camden Yards in 1992. He also oversaw the media operations for the 1993 All-Star Game and the first "All-Star Week" in Baltimore.

In recognition of his baseball expertise and well-known love for the game, *Baseball America* selected Vaughn in January 1999 for its advisory panel for the publication's 20th Century Celebration, an in-depth review of baseball history during the past 100 years.

Vaughn is a 1979 graduate of George Mason University in Fairfax, Virginia, where he played baseball for four years and threw the first no-hitter in school history. Upon graduation, Vaughn served as sports information director at American University in Washington, D.C. for two years before joining the Washington Federals of the United States Football League in 1982. During the 1984 Summer Olympic Games, Vaughn was the director of press operations in Annapolis, Maryland, site of six first round matches in the Olympic Soccer Tournament.

A native of Washington, D.C., Vaughn and his wife, Sue, reside in Palm Harbor, FL with their daughters Amanda (13) and Elissa (9). He played a prominent role in the scouting of National League Rookies of the Year Eric Karros and Todd Hollandsworth, and during his tenure with L.A. the Dodgers produced a major-league record five consecutive N.L. MEDICAL GLOSSARY

Anterior Cruciate Ligament (ACL): A primary stabilizing ligament within the center of the knee joint that prevents hyperextension and excessive rotation of the joint. A complete tear of the ACL necessitating reconstruction could require up to 12 months of rehabilitation.

Arthroscopy: A surgical examination of the internal structures of a joint by means for viewing through an athroscope. An arthroscopic procedure can be used to remove or repair damaged tissue or as a diagnostic procedure in order to inspect the extent of any damage or confirm diagnosis.

Bone Scan: An imaging procedure in which a radioactive-labeled substance is injected into the body to determine the status of a bone injury. If the radioactive substance is taken up by the bone at the injury site, the injury will show as a "hot spot" on the scan image. The bone scan is particularly useful in the diagnosis of stress fractures.

CAT Scan: Use of a computer to produce a cross sectional view of the anatomical part being investigated from x-ray data.

Lateral Collateral Ligament (LCL): Ligament of the knee along the lateral aspect that connects the femur to the fibula. It provides lateral stability to the joint.

Ligament: Band of fibrous tissue that connects bone to bone or bone to cartilage and supports and strengthens joints.

Magnetic Resonance Imaging (MRI): Imaging procedure in which a radio frequency pulse causes certain electrical elements of the injured tissue to react to this pulse and through this process a computer display and permanent film establish a visual image. MRI does not require radiation and is very useful in the diagnosis of soft tissue, disc and meniscus injuries.

Medial Collateral Ligament: Ligament of the knee along the medial aspect that connects the femur to the joint.

Rotator Cuff: Comprised of four muscles in the shoulder area that can be irritated by overuse. The muscles are the supraspinatus (most commonly injured), infraspinatus, teres minor and subscapularis.

Tendinitis: Inflammation of the tendon and/or tendon sheath, caused by chronic overuse or sudden injury.

Tendon: Tissue that connects muscle to bone.

Ulnar Nerve: Nerve in the elbow commonly irritated by excessive throwing.

DEVIL RAYS IN THE COMMUNITY: a commitment to working together

Countless comparisons have been made over the years between the game of baseball and the realities of life: emphasizing the teamwork and the dedication required to succeed, the tremendous rewards and recognition that often follow, and the realization that doing our best, whenever possible, and developing our talents, whatever they may be, are what truly matter when working toward our goals.

These comparisons have always been well received in the Tampa Bay area, where both Major League Baseball and the spirit of working together to attain worthy goals have long histories. And that's certainly a big reason the club has enjoyed such an enthusiastic response to its community programs.

A great number of program participants and beneficiaries are the area's youngsters, who are the primary focus of many of the Devil Rays' community efforts. Throughout local school systems and within their neighborhoods, kids are involved in several baseball-related projects that help educate and motivate them, including Major League Baseball's Breaking Barriers, RBI and Diamond Skills programs; GTE A's for the Rays; True Value Field of Dreams; various baseball clinics.

Charitable organizations and individuals in need receive support in various ways, as well. The Devil Rays Wives' Charity Raffle results in a significant contribution to a worthy cause each year; and special events, such as last season's Shirts Off Our Backs promotion, raise considerable funds for causes like the Muscular Dystrophy Association.

In several instances, Devil Rays players themselves have established programs designed to improve the lives of those in their community. Wilson Alvarez, Roberto Hernandez, Fred McGriff, Tony Saunders, Jose Canseco, Dave Martinez and Kevin Stocker were among the generous group of sponsors on the team this past year.

Since the end of last season, the club's coaches, players and staff members have taken part in a regular series of events and appearances: helping raise funds for hurricane victims; serving hot holiday lunches to needy citizens and hosting a Christmas party for less fortunate youths; barnstorming the state in Devil Rays Caravans to visit hospitals and clinics; even accompanying underprivileged Doorways scholars on a tour of Washington, D.C.

Of course, the Devil Rays couldn't have accomplished as much as they have in the community without a considerable amount of help, from individual volunteers as well as corporate partners. Thanks to their selfless efforts, the club has often reached beyond its initial goals. That allows the Devil Rays to look forward to expanding their presence through programs that continue to benefit the people of the Tampa Bay area - and that makes everyone a winner.

- Became the first pitcher to win 14 games for an expansion team. Arizona's Andy Benes also tied the mark.
- His 14 wins ties for the 2nd-most wins by a rookie pitcher in the 1990s (John Burkett, 1990 Giants, 14 wins). Most wins by a rookie pitcher this decade is 17 by Dave Fleming of Seattle in 1992.

- Received the 2nd-lowest run support of any AL starter at 4.01 runs/9 innings (teammate Tony Saunders got the least support at 3.51).
- Held righthanded batters to a .204 average, 2nd-best in the AL (71-for-348). Roger Clemens was 1st at .198 (79-for-399).
- Was just the 2nd rookie from an expansion team to make an All-Star Team and the first rookie pitcher on an expansion team to do so (Seattle's Ruppert Jones was the other rookie in 1977)... Was also the 8th Cuban born pitcher to make the All-Star team and only the 6th expansion pitcher to make the squad.
- His 152 strikeouts were the most by an AL rookie pitcher since Tom Gordon fanned 153 with KC in 1989.
- His 3.56 ERA ranked 9th in the AL and was 5th among RHPs. It was also the 3rd best ERA this decade by a major league rookie behind KC's Kevin Appier in 1990 (2.76) and Seattle's Dave Fleming in 1991 (3.39).
- His 2.62 ERA (IP-75.2, ER-22) on grass was the best in the AL and his 2.90 ERA in road games was 3rd in AL (IP-102.1, ER-33).
- His 14 wins were the most by a Cuban-born pitcher in the major leagues since **Luis Tiant** won 21 games with the Boston Red Sox in 1976. Only five other Cuban-born pitchers have won more: **Camilo Pascual** (won 17 in 1959 with Wash and 15, 20 and 21 with Minn in 1961-63), **Pedro Ramos** (14 wins in 1958 with Wash); **Mike Cuellar** (16 wins with Houston in 1967 and 23, 24, 20, 18, 18, 22 and 14 with Baltimore in 1967-74); **Sandy Consuegra** (16 wins with Chi-AL in 1954) and **Dolf Luque** (won 17 in 1921 and 27 in 1923 with Cin and 14 with Brooklyn in 1930).
- Led the AL with 19 hit batters. In the last 20 years, only two major leaguers have hit as many: Charlie Hough (19) with 1987 Rangers and Tom Murphy (21) with 1969 Angels.
- When he threw 2 straight shutouts (April 30 at Minnesota and May 6 at KC) he became the first rookie to do so since Hideo Nomo in 1995.
- Last pitcher on an expansion team to throw 2 straight shutouts was Bill Stoneman of '69 Expos, who had consecutive shutouts twice that season. (April 17/22, Sept. 7/12 -- Apr. 17 was no-hitter vs. Phils).
- Won 4 straight starts, April 30 - May 16, including consecutive complete game shutouts April 30 @ Minnesota (H-3, BB-2, SO-5) and May 6 @ Kansas City (H-3, BB-2, SO-6).
- Was 10-5, 3.06 (GS-18, IP-120.2, H-109) before the All-Star Break, 4-7, 4.32 after the Break (GS-14, IP-81.1, ER-39, H-86).

He hit a three-wood on the par-three 13th hole at the Edgewood Course, saw the ball bounce once, then roll in the hole during a regional tournament. Unfortunately for Rick, he wasn't able to contain his emotions after the ace, seeing his game unravel. "After that, I just kind of lost it," he says. "I didn't care what happened."

X-Ray Report

Last season, Tony became the Devil Rays answer to Dennis Rodman, dying his hair from brown to platinum blonde. He made several other changes until finding the right look.

1998

- Posted a 6-15 record despite a 4.12 ERA, largely because he received the lowest run support of all American League pitchers (3.51 runs/9 inn.). No other AL pitcher received less than 4/per game. Fifteen times the Rays scored 2 runs or less for Saunders.
- His 4.12 ERA was 19th in the AL and 7th-best among AL lefties -- still, 61 AL pitchers won more games.
- Had the lowest winning percentage among AL starters, but had a lower ERA than 20-game winner Rick Helling, 19-game winner Aaron Sele, 17-game winner Tim Wakefield (who led the AL in run support at 7.29), 16-game winner Andy Pettitte, and 15-game winner Charles Nagy.
- Was one of three pitchers to rank in the top 20 in the major leagues in strikeouts and have a losing record: Juan Guzman (Tor, Bal) and Pedro Astacio (Col).
- Had a team-high 20 quality starts.
- Recorded 8.05 strikeouts per 9 innings, 4th-best ratio among major league lefties (only Chuck Finley, Randy Johnson, Al Leiter were better).
- Had 22 starts in which he allowed 3 earned runs or less, including 11 of his first 14 starts when he was 1-7...Only 5 in the AL had more such starts (see box below).
- Led the majors with 111 BBs and was 9th in AL with 172 strikeouts
- Had only one win in his first 19 starts and won only once in his first 12 starts at Tropicana Field...Won his last two starts there including a combined 7-0 shutout over the Yankees and a win over Texas.

- Did not have surgery, but went on the disabled list the next day and wasn't reactivated until July 10.
- Return to post the 3rd best ERA in the majors in July (1.44, IP-31.1, ER-5), but only won one game, a 1-0 decision over Atlanta (IP-7, H-4, BB-4, SO-7) on July 31.

1998

- Named to the Topps Major League All Rookie Team as selected by Major League managers. He was one of 3 unanimous choices along with teammate Miguel Cairo and Oakland's Ben Grieve.

Didn't have enough ABs to qualify, but his .276 average would have been 5th among AL rookies.
- His final .276 average was the lowest it reached all season...His average was over .300 the first 67 days of his career. It didn't fall below .300 until June 6.
- Batted a club-high .408 (HR-3, RBI-12) while leading the Rays to 11 wins in their first 19 games, the first expansion team in any sport ever to win 11 of their first 19 games.
- Led the American League with a .750 average (6-for-8) in 3-1 counts.
- Was hitting .310 after a 4-hit, 4-RBI game at Detroit on Aug 29, but hit .177 (17-96) the rest of the season (25 games).
- Won three games with a hit in the Rays last at bat: solo homer (his first major league home run) in the bottom of the 14th inning on Apr 13 in a 13-12 win over Minnesota; an RBI single off Baltimore's closer Armando Benitez in the bottom of the 9th to give the Rays a 2-1 win on Aug 11; a 2-run double in the top of the 11th to give Rays an 8-6 win at KC on Aug 15.

- Made his major league debut in a Devil Rays uniform Opening Day, collecting a pinch-hit 9th inning single in his first at bat off Detroit's Bryce Florie. Hit safely in 13 of his first 16 games (.396, 21-for-53)
- Had 3 extra base hits in a game twice, the only Devil Ray to do it: Apr 23 at Texas and Aug 29 at Detroit.
- Had multiple hits in a club-high 6 straight games between Aug. 13-18 (13-for-26, .500)...Between Aug 13 and 29, he had 9 multi-hit games out of 15 (.391, 25-64, R-13, RBI-14).
- Made 92 starts: 81 at 3B, 5 at SS, 5 at 2B, and 1 at DH.
- His .364 pinch-hit average (4-11) was 8th best in the AL.
- Batted #2 thru #7 in the batting order, but #3 exclusively after July 21.
- Batted .361 in May sandwiched around a stay on the disabled list (pulled hamstring).
- Batted .063 (2-32) against the NY teams; .286 (100-338) against everyone else.

1997

- Spent his second season at AAA Richmond, though he was limited to 100 games (357 AB) after beginning the season on the disabled list. Joined Richmond on June 6.
- Appeared only at shortstop after splitting time at shortstop and third base in 1996 and playing third base exclusively during his first four professional seasons.
- Following the season, ranked third in the Arizona Fall League in hits (54).

1996

- Named MVP at AAA Richmond.
- Spent the first two-thirds of the season (77 games) at third base before being moved to shortstop (43 games).

X-Ray Report

Bubba went shopping for a new truck on August 9, 1997, but wasn't sure he could afford the purchase. So he told his wife, Melissa, that if he hit four home runs that night for Toledo, they'd buy the truck. Guess what? Trammell indeed hit four homers that night, the last one a 13th-inning game-winner. "I said that to my wife because I thought there was no way," said Trammell. He still drives the Chevy Tahoe.

1998

- Ranked among AL rookie leaders in home runs (T-3rd, 12), doubles (7th, 18), extra base hits (5th, 31), and outfield assists (T-9th, 3).
- Had the 3rd best home runs to ABs ratio among AL rookies: NY's Shane Spencer (one hr every 6.7 ABs; Cle's Richie Sexson (one hr every 15.8 ABs) and Trammell (one hr every 16.5 ABs).
- Led Rays with four three-run home runs, including game-winner Sep 21 at Boston, when he also set a career-high with 5 RBI.

X-Ray Report

Rick says that after "barely" graduating from high school, he planned on looking for a job. His parents, however, talked him into going to college (Paducah Community College) and continuing his baseball career. He wound up earning an applied sciences degree, twice being named All-Confererence, and getting drafted by the Pittsburgh Pirates. Rick hopes to someday thank his parents for their advice by buying them a new house.

1998

- Began the season at Triple-A Durham but was recalled on May 31.

DEVIL RAYS REACH HISPANIC MARKET

In February, the Devil Rays reached an agreement with Mega WBDN 760-AM to broadcast the team's entire 1999 schedule in Spanish. The agreement is three years in length and represents the most extensive broadcasting commitment ever between the Hispanic community and a professional sports team in Tampa Bay. The agreement also includes joint partnership on community events and activities and promotional awareness campaigns. Mega 760 will also host a comprehensive pre- and post-game show and a series of support programs designed to include the Devil Rays in the overall programming of the flagship station. Mega 760 is a member of Mega Communications, Inc. recognized as a leader among Hispanic targeted radio companies. Currently, Mega Communications Inc. owns and operates 15 radio stations in the United States.

1998 Devil Rays Season Summary

EXPANSION FEATS

- The Rays finished in the top five in the American League in fielding pct. (2nd) and ERA (4th)...Only one other expansion team has ever finished in the top five in its league in either pitching OR fielding. Arizona finished 3rd in the NL in fielding this season.
- The Rays were the first expansion team ever to go four games over .500 at any point in the season when they were 10-6 on April 19...Among the four major sports (MLB, NFL, NHL, NBA) only two expansion teams reached four games over .500 at any point in their season, both NHL teams in 1967: Philadelphia Flyers (15-9-5) and the Los Angeles Kings (10-6-3).
- The Rays spent a total of 22 days above .500. Only one expansion team had more: 1969 KC Royals with 28.
- The Rays' 12 wins in April were the most ever by a first-year expansion team.
- The Rays won nine straight games against defending AL Division Champs (5-Bal., 2-Cle. and 2-Sea.)
- The Rays became the first expansion team to own winning records in six road parks: Baltimore (5-1), Chicago White Sox (3-2), Detroit (3-2), Anaheim (4-2), Seattle (3-2) and Philadelphia (2-1).
- The Rays became the first expansion team to win season series from five opponents: Baltimore (7-5), Chicago White Sox (6-5), Detroit (6-5), Oakland (6-5) and Philadelphia (2-1).
- Tampa Bay's 10-0 win at Seattle on Sep 8 matched the biggest shutout win ever by an expansion team.
- The Rays became the first expansion team to sweep a four-game series from a reigning league or division champion in it's own park when they swept a four-game series at Camden Yards, May 15-18.
- The Rays' 5-1 homestand, July 21-27, was the best ever by a first-year expansion team (minimum 5 games).
- The Rays won six straight home games in July, one shy of the longest home win streak ever by a first-year expansion team.

ORGANIZATIONAL RECORD

In its first full season, the Devil Rays' combined organizational record, from the Gulf Coast League Devil Rays to the major league club, was 398-392, a .504 winning percentage, good enough for 16th best among the 30 major league clubs and the 2nd best ever by a first-year expansion team (the Rays minor league record was 5th best in 1998, see minor league section).

IN THE BEGINNING

The Devil Rays went to spring training in February with 73 players in training camp, the most ever by a first-year expansion team, exceeding the 67 players invited to camp by the Rockies in 1993. However, it is not an all-time record. The 1982 Oakland A's auditioned 82 players under the watchful eye of Manager Billy Martin. The Rays became the first team to train in their home city since 1919.

ABOUT THE ROSTER

A total of 42 players saw action in the Devil Rays' first season. Of those, 19 began the season with one year or less of major league service, 24 had less than two years and 32 had less than three years...Tampa Bay's 22 pitchers were not the most used in the AL in 1998. Both Cleveland and Boston called on 23...Expansion brother Arizona used 46 players, including 25 pitchers...The Devil Rays offense was bolstered by the play of the youngsters. **Those Rays with less than 3 years of major league experience batted a combined .270 (847-3138). Those with 3 years or more batted .249 (603-2417).** All but 28 games were started by pitchers with less than two years of major league service...Those who played for the Devil Rays in 1998:

Pitchers (22): Aldred, Alvarez, Arrojo, Carlson, Duvall, Eiland, Gaillard, Gorecki, Hernandez, Johnson, Lopez, Mecir, Pennington, Rekar, Ruebel, Santana, Saunders, Springer, Tatis, Wade, White, Yan

Catchers (3): DiFelice, Flaherty, Laker

Infielders (9): Boggs, Cairo, Ledesma, McClain, McGriff, Sorrento, Stocker, Smith, Silvestri

Outfielders (8): Butler, Kelly, Trammell, McCracken, Winn, Robinson, Walton, Martinez

CLOSE ONES

In 34 of their losses, the Devil Rays had the tying run at the plate in the last inning...The Rays lost 5 games in which they were one out away from winning...They lost 7 games after they were within 3 outs of a win...The Rays lost 10 games in extra

innings, tied for the 2nd most in the AL with Cleveland...The Rays' biggest comeback win was their 13-12 victory at Tropicana Field on April 13, when they wiped out a 6-0 Twins' lead.

ROOKIES

The Rays employed 13 rookies, (Detroit used an AL high 17), including pitchers Rolando Arrojo, Jason Johnson, Esteban Yan, Eddie Gaillard, Dan Carlson, Rick Gorecki, Mike Duvall, and position players Bobby Smith, Miguel Cairo, Bubba Trammell, Randy Winn, Scott McClain and Kerry Robinson. All except Robinson and Duvall were with the team before September 1. Of the AL's 10 top-hitting rookies with 200 or more plate appearances, four were Devil Rays: Bubba Trammell (.286), Randy Winn (.278), Bobby Smith (.276) and Miguel Cairo (.268)...Those four rookies batted .275, the rest of the Rays hitters batted .256...After the season, Baseball America selected its list of the top 20 rookies in the major leagues. Three were Devil Rays (Arrojo, Smith and Winn), tied with the White Sox for the most by one team. Rays rookie hitters combined to hit 7 points above the rest of the American League rookies .266 (442-1662) to .259 (2141-8201) and the Rays rookie pitchers had a lower ERA than the rest of the league's first- year players (4.27 to 5.11)...Rays rookie pitchers were a combined 22-23 (IP-396.2, H-395, ER-188, BB-156, SO-294) while the rest of the AL rookies were 16 games under .500 (127-143, IP-2369, H-2529, ER-1345, BB-1032, SO-1609) ...Rolando Arrojo threw 2 of the 4 complete game shutouts thrown by AL rookies in 1998...Rookie pitchers started 46 games for the Rays, tops in the AL, but far behind major league leader Florida with 124. A 5-for-47 slump by Randy Winn the last three weeks of the season kept the Rays from being only the 3rd AL team in the past 20 years to have three rookies with 100 or more hits...Miguel Cairo (138), Bobby Smith (102) and Winn (94) finished 4th, 5th and 7th, respectively, among AL rookies in 1998...Trivia: Who were the other two teams? Answer below.

Trivia Answer: The AL teams with three 100-hit rookies were the 1987 Oakland A's (Luis Polonia, Terry Steinbach and Mark McGwire) and the 1982 Minnesota Twins (Tom Brunansky, Gary Gaetti and Kent Hrbek).

Devil Rays Inaugural Game, March 31, 1998

St. Petersburg, FL—Hall of Famers Ted Williams, Stan Musial, Al Lopez and Monte Irvin threw out the ceremonial first pitches and minutes later, at 5:08 p.m. on March 31, 1998, major league baseball was born in Tampa Bay as Wilson Alvarez delivered a ball to Detroit's leadoff hitter Brian Hunter. Alvarez retired the Tigers 1-2-3 in the first inning, then 9 of the next 13 batters hit safely. The Rays fell behind 11-0 in the 5th inning before Wade Boggs hit a 2-run homer off Justin Thompson in the 6th to account for the first two runs in Devil Rays' history. Tampa Bay rallied for four runs in the 9th and left the tying run in the on-deck circle when Paul Sorrento struck out to end the game. Every starter on both sides hit safely except Rays' LF Mike Kelly. Tampa native Luis Gonzalez hit the first home run at Tropicana Field and added a single and double.

Devil Rays First Win, April 1, 1998

St. Petersburg, FL— April First, but it was no joke, the Devil Rays won their first game. In game #2 of the season opening series, the Rays rallied from a 3-0, first inning deficit and banged out 18 hits - a season-high for a 9-inning game- on their way to an 11-8 victory. Rookie Rolando Arrojo earned the win in his major league debut and Fred McGriff had three run scoring hits including a 2-run single in the Rays' decisive 4-run 8th inning. The Rays batted around in the 4th and 8th innings (they batted around 4 times in the 3-game series). Two-out, RBI singles by Wade Boggs and McGriff were the big hits in the 4th inning in which the Rays entered trailing 3-2. The Rays got a hit in every inning except the 5th.

EXPOS PROSE- The Rays' lone win against Montreal, their first ever against a National League opponent, finished in a bizarre fashion in the 10th inning...With the score tied, 3-3, and Mike Kelly on first base, Dave Martinez hit a slow ground ball to the left of Expos third baseman Shane Andrews. Kelly broke for second on the pitch and with Andrews pulled off third to make the throw to first, Kelly headed for third forcing catcher Chris Widger to try and cover third...The throw from first to Widger was bobbled and rolled into the outfield. Kelly rounded third headed for home...stopped...went back toward third...then turned and headed for home again. As the throw arrived to the plate, Kelly hurdled pitcher Steve Kline's tag and touched the back corner of the plate with the game-winning run... Vladimir Guerrero homered and drove in 3 runs in each of the first two games against the Rays...Dustin Hermanson became the first pitcher to defeat both 1998 expansion teams when he beat the Rays, 5-2 on June 5.

40-HOMERS AND EXPANSION

Five of the existing 14 expansion teams have never had a player hit 40 home runs. Aside from the Devil Rays and Diamonadbacks, the Expos, Royals and Angels have never had a player hit 40 home runs. The Mets went 35 seasons before Todd Hundley hit 40 in 1996 and the Astros went 36 seasons before Jeff Bagwell did it in 1997. The quickest team to produce a 40-homer man was the Colorado Rockies who in 1995 were led by Dante Bichette's 40 round trippers.

METS MENTIONS- Rays' lone win in New York came June 9 at Shea after they were trailing the Mets and Hideo Nomo 4-1 in the 5th inning...Rays spoiled Nomo's Mets' debut winning 5-4 in 11 (six days earlier they lost to the Yankees' Cuban refugee Orlando Hernandez in his NY debut)... In the first game between the Mets and Rays on June 8, Rick Reed took a perfect game into the 7th inning before Wade Boggs hit a 3-2 pitch into centerfield for a ground rule double...Rays didn't hit a ball out of the infield until the final out of the 5th...Mets had only 4 hits in the final game between the two on June 10, but five first-inning walks, two with the bases loaded, put the Rays in a inescapable hole... Rays fanned 35 times in the series...TB batted a combined .205 in NY (61-for-297 at Shea and Yankee Stadium) including .188 at Shea...Mike Piazza's .636 average against the Rays was 2nd best by an opponent behind Cleveland rookie Richie Sexson (.727).

EARLIEST 20-GAME WINNER FOR AN EXPANSION TEAM

Dean Chance of the Los Angeles Angels won 20 games in 1964, the fourth year of existence for the Angels. Paul Splittorf won 20 games for the Kansas City Royals and Jim Colburn won 20 for the Milwaukee Brewers in their team's fifth year.

DIRT BASEPATHS

*Tropicana Field is the first major league park in more than 20 years to feature Astroturf and dirt base paths. All other eight current major league parks with artificial turf have only dirt cutouts around the bases and at the pitcher's mound. Only four other all-Astroturf stadia have ever featured dirt base paths: Astrodome (1966-71); San Francisco's Candlestick in 1971, Pittsburgh's Three Rivers Stadium in the early '70s and the most recent, St. Louis' Busch Stadium (1970-76). Chicago's Comiskey Park had dirt basepaths with an Astroturf infield and grass outfield in the early '70s

CLOSEST IN BASEBALL

The front row seats behind home plate at Tropicana Field are 50 feet from home plate, the closest in the major leagues (St. Louis' Busch Stadium is also thought to be the same distance). Those seats are also outfitted with the latest in stadium technology- the Vyvex ChoiceSeat touch screen venue display unit. Fans touch video screens, attached to the arm of their seat, to call up one of eight different camera angles, the home team broadcast on the DiamondVision. There is also an instant replay button, a statistics button, access to the team's web site (www.devilray.com) and a number of other options.

1998 Tampa Bay Devil Rays Minor League Summary

With only three amateur drafts under their belt, the Tampa Bay Devil Rays displayed evidence of a strong foundation for the organization's future. The Devil Rays' minor league system finished fifth among all 30 major league organizations in overall winning percentage at .5334 (335-293) just ahead of the San Diego Padres .5333 (368-322). In addition, four of the Devil Rays' six minor league affiliates advanced to postseason: Durham (International League), Hudson Valley (New York-Penn League), Princeton (Appalachian League) and the Gulf Coast League Devil Rays (Rookie). Durham, in its first season of Triple A competition, slipped into first place in late April and easily won the International League's South Division. The Bulls swept Louisville in the first round of the Governor's Cup IL Championship, but fell to Buffalo three games to two in the finals. Annually one of the minor league's attendance leaders, Durham broke its club attendance mark by 77,000 in 1998. The season was filled with a number of individual accomplishments that were of note. In addition to his 180 hits, fifth among all minor leaguers, outfielder Alex Sanchez stole 66 bases, giving him 158 the past two seasons, more than any player in professional baseball. While third baseman Scott McClain hit an organization record 32 home runs for Durham, it was Jared Sandberg, nephew of Ryne, who became the Rays' first home run champion. He hit 12 for Hudson Valley, tied for the New-York Penn League lead. The Rays' top three picks from the June 1998 draft all excelled in their first professional seasons. Josh Pressley (4th round) batted .301 at first base for the GCL Rays. Aubrey Huff (5th round), fresh off the campus of the University of Miami (FL), batted .321 with 13 home runs and 54 RBI for Class A Charleston and was named the Topps Minor League Player of the Month of August for the South Atlantic League, and Texas A&M grad Ryan Rupe (6th round) was a combined 7-1 with 80 strikeouts in 69 innings for Hudson Valley and Charleston.

FLORIDA POWER WALKWAY

Leading the way through the main parking lot on the east side of the entrance to Tropicana Field is the Florida Power Walkway , the largest ceramic tile mosaic mural in the Southeast and one of the five largest in the country. It is 900 feet long by 30 feet wide and contains 1,849,091 tiles. The mosaic is an impressionistic design of the sun and sea, for which Florida is famous. The design is complete with sand, beach towels, water, fish, sharks, turtles, and devil rays. The walkway also features a sophisticated sound system that plays thematic music and play-by-play descriptions of the game in progress. Theatrical lighting in different shapes and configurations heightens the night-time experience. The sun is artfully depicted in a dramatic, arched, 23-foot high original steel structure that forms the gateway to the stadium.

1997 Minor League Recap

The Devil Rays five minor league clubs played exactly .500 ball in 1997 combining for a 245-245 record and the St. Petersburg club accounted for the first championship in franchise history, the Florida State League title. In addition, Princeton came within one run of advancing to the Appalachian League playoffs, and the Mexico City Tigers, the club with which the Rays have a working agreement, captured the Mexican League title.

St. Petersburg, behind workhorse hurlers James Manias and Mickey Callaway, won the FSL Western Division first half title with a 42-26 record. The Rays then knocked off Lakeland and Vero Beach to give St. Pete their first crown since 1986. Manias finished third in the FSL in innings pitched with 171.1 and Callaway was fourth with 170.2. The two combined to go 24-12.

Princeton, the Rays' Appalachian League affiliate, went 12-1 over the final two weeks of the regular season to finish in a tie with Bluefield (Orioles) for first place in the Appy League's Eastern Division. In a one-game playoff, Bluefield edged Princeton, 5-4 in 10 innings, after the Rays rallied from a 4-1 deficit in the ninth. The top scoring team in the Appalachian League in '97, Princeton won games by scores of 20-3 over Bristol (White Sox) on July 17, 25-1 over Danville (Braves) on August 10 and 21-11 over Johnson City (Cardinals) on August 18. Princeton infielder Jared Sandberg, nephew of Ryne, was named Appy League MVP while finishing second in the league with a club record 17 home runs and first in RBI (68).

Two Devil Rays farmhands were named as the top prospects in their respective leagues by Baseball America: Matt White in the New York Penn League and Marquis Roberts in the Gulf Coast League.

After starting the NY-Penn League season 0-5 with a 9.00 ERA in his first six pro starts, White turned the tables on the opposition beginning in mid-July. In his last eight starts for Hudson Valley, White was 4-1 with a 1.98 ERA with 52 strikeouts and only 12 walks in 59 innings.

Roberts, the Rays fifth round pick in the June '97 draft, led the Gulf Coast League with a 0.51 ERA. It was the lowest by a GCL pitcher since current Yankee Mariano Rivera posted a microscopic 0.17 ERA in 1990.

1996 Minor League Recap

In 1996, the Devil Rays fielded three minor league teams in addition to their team in the Dominican Summer League. The Butte Copper Kings, the Rays' affiliate in the Pioneer Rookie League, became the first Rays' minor league club to qualify for postseason play when they won the southern division second half championship with a 21-15 record. Butte skipper Tom Foley was named Pioneer League Manager of the Year.

A Gulf Coast League record crowd of 7,582 was on hand at Al Lang Stadium to witness the first minor league game in Devil Rays history. A 10-1 loss couldn't dim the festive atmosphere. The game was carried by live by News Radio 970 WFLA and

SportsChannel Florida. Eighteen-year old righthander Pablo Ortega threw the first Devil Rays pitch.

The first win in the history of the Devil Rays organization came on June 20 when the GCL Rays claimed a 4-3 win over the Astros. Eighteen year-old Jose Rodriguez from the Dominican Republic earned the win.

Rays A Leader In Minor League Affiliate Ownership

The Devil Rays commitment to player development has never been more evident than in the fact that the Rays have ownership interest in four of their minor league affiliates: Durham (AAA), Orlando (AA), St. Petersburg (A) and Princeton (Rookie). Ownership of the affiliates affords the Devil Rays greater opportunity for controlling the development of its prospects.

In 1998, only the Atlanta Braves matched the Rays in that category. The New York Mets, with three, were the only other club to own more than two.

An additional special feature found in the Devil Rays minor league system is the geographic alignment of the affiliates. All seven minor league clubs are located on the East Coast, five in the Southeastern United States, three within the State of Florida allowing for easy movement of players, scouts and staff throughout the minor league system.

RAYS INCREASE INTERNATIONAL ACTIVITY

Under the leadership of Senior Vice President of Baseball Operations and General Manager Chuck LaMar, the Devil Rays have moved forward internationally with their latest agreement, a working relationship with the Melbourne City Reds of the Australian League. The Rays placed four players and a coaching staff member with the Reds this past winter.

The Rays have also established a baseball academy in the Dominican Republic and have working agreements with the Mexico City Tigers of the Mexican League and the Seibu Lions of the Japanese League.

As part of the agreement with Seibu, the Devil Rays help the Lions acquire players for their club. In turn, the Lions scout all levels of competition throughout Japan from high school to the Japan League on behalf of the Rays.

Both clubs share their views on topics ranging from baseball operations, scouting and player development, to marketing, sales and merchandising. The teams will also host each other's scouts and player development personnel throughout the year.

The agreement provides the opportunity for both teams to participate jointly in spring training, an arrangement that could lead to both teams playing exhibition games in the future. In addition, the Lions can develop players within the Rays' minor league system via extended spring training and the instructional league. The Lions will be able to utilize the Devil Rays outstanding medical team directed by renowned orthopedic surgeon Dr. William Andrews.

WHAT IS A DEVIL RAY?

Tampa Bay was granted a major league franchise on March 9, 1995. During the weeks surrounding that date, more than 7,000 suggested names were submitted by the people of Tampa Bay. Suggestions included such creative choices as Fruit Blossoms, Pteradactyls, Bigfeet, Backcrackers, Snowbirds and Toads.

The largest percentage of those suggestions included the name "Rays," an order of large, graceful fish that live primarily in the tropical waters off Florida's coast.

In a subsequent telephone contest in which more than 70,000 calls were received from Tampa Bay area residents, "Devil Rays" won out over "Manta Rays." Both names are actually used to describe the same fish. Devil Rays are the largest member of the Ray family measuring up to 23 feet long and weighing as much as 2,400 pounds. They are found in Florida waters: the Gulf of Mexico and along the Atlantic Coasts of the southern United States. They are massive, but gentle creatures, harmless to humans. The Devil Ray get its name from the cephalic fins on the head that look like devil's horns. Although they are quite large, Devil Rays are known to leap from the water and can sail up to 20 feet in the air. Females of the species actually lay their eggs in flight and their offspring are known as "Pup Rays." Devil Rays are virtually impossible to keep in captivity.

Tampa Bay Managing General Partner Vince Naimoli wanted a name germane to Tampa Bay. Devil Rays is a true reflection of that and so are the team colors which reflect the geography of the area. Included in the beautiful color gradations represent the blue, purple and black of Tampa Bay's gorgeous waters, the Florida West Coast's blue skies and golden sunsets, and the beautiful greenery found in the tropical landscape..

RAYS' CAREER INITIATIVE PROGRAM

The Devil Rays' Career Initiative Program already is receiving help from its alumni.

Charles Scott became a Tampa Bay scout after graduation from the first CIP in 1996, and he passed the opportunity along when his nominee, Todd Brown, was selected to be among this year's participants. In November, after his CIP training, the Rays hired Brown as an area scouting supervisor. Brown thus represents a second generation with education, contacts and jobs they may not have gained otherwise.

The CIP, introduced in Tampa Bay by Devil Rays Senior Vice President and General Manager Chuck LaMar, promotes diversity by helping minorities gain exposure to the scouting, player-development and conditioning side of baseball.

Scott, who pitched for nine years in the minor leagues, left his job as a California firefighter two years ago to participate in the two-week program in St. Petersburg. He performed so well that the team hired him as a scout for Northern California, and he signed three of the organization's most promising prospects: Marquis Roberts, Robert Berns and Jason Jimenez. Now Scott's second career in baseball has paid additional dividends by introducing Brown to CIP and producing another qualified candidate to help fill baseball's scouting and player development ranks.

Joining Brown in the CIP this October were Karl Carswell, Fred Dabney and Gary Francis. All gained experience from a program that has led to two other professional baseball hirings. CIP grad Kevin Bootay landed a scouting job with the Mariners, and Troy Taylor became the St. Petersburg Devil Rays' strength and conditioning coach.

Four other major league clubs have approached this year's graduates. And with the confidence and insights the program provides, a third generation of CIP success stories should be arriving in another season or two.

History of Professional Baseball in Tampa Bay

Although the 1998 Devil Rays played Florida's first regular season major league game outside of Miami, the league's roots in the Tampa Bay Area can be traced back some 86 years. In fact, more major league spring training games have been played in St. Petersburg than in any other city.

Major League Baseball's roots in Tampa Bay can be traced back to 1913 when the Chicago Cubs moved their spring training operation from New Orleans to Tampa. The following year the St. Louis Browns came to St. Petersburg for spring workouts.

Except for the years between 1942 and 1945 when wartime restrictions limited travel for spring training, major league baseball has had a presence in Tampa Bay ever since.

Even during the war years, the area found a way to keep the National Pastime alive. To fill the wartime void, Tampa fashioned the Inter-Social League in 1943. Crowds averaged several thousand in West Tampa and Ybor City to see players that included the fathers of future major leaguers Lou Piniella and Dave Magadan.

Nine teams have trained in St. Petersburg: the Boston Braves (1922-37), St. Louis Cardinals (1938-42; 1946-97), New York Yankees (1925-42; 1946-50; 1952-61), New York Giants (1951), New York Mets (1962-87), Baltimore Orioles (1993-95); St. Louis Browns (1914), Philadelphia Phillies (1915-18) and the Devil Rays.

Tampa has been the spring home of six major league clubs: Chicago Cubs (1913-16), Cincinnati Reds (1931-42; 1946-87), Boston Red Sox (1919), Detroit Tigers (1930), Washington Senators (1920-29), Chicago White Sox (1954-59) and the New York Yankees (1996-).

St. Petersburg has hosted at least one team for spring training in 79 of the past 85 years and had two teams train there for 63 years. The city has been home to minor league baseball for 61 of the past 79 years beginning with the St. Petersburg Saints in the Florida State League in 1920. Tampa has been a major league spring training site for 73 of the past 86 years and has had minor league baseball for 56 of the past 80 years.

Sixty-three Hall of Famers have trained in Tampa or St. Petersburg alone, not counting dozens of others who spent springs in Sarasota, Clearwater, Bradenton, and Lakeland.

Plant City, Dunedin, and Tarpon Springs have also been spring training hosts bringing the total number of major league teams who trained in Greater Tampa Bay to 19. All told, those clubs have held a combined total of 510 spring training camps in the area.

In 1910, a former Pittsburgh laundry owner named Al Lang moved to St. Petersburg for his health. He soon became the business manager of a ballpark in St. Pete and focused on two goals: to make better use of the facility and help the sagging tourism industry. The answer was to attract a major league baseball team to St. Petersburg for spring training. So successful was he, that in 1916 and again in 1918, he was elected the mayor of St. Petersburg.

At first, he was rebuffed by the Pittsburgh Pirates whose owner Barney Dreyfuss told him: "Al Lang, you must think I am a damn fool, suggesting I train in a little one-tank town that's not even a dot on the map." Lang did convince the Chicago Cubs to leave New Orleans as their spring training home, but they chose Tampa instead in 1913. A year later he lured the St. Louis Browns, under manager Branch Rickey, to move to St. Petersburg. A baseball committee, formed to attract a major league team to the city, raised $20,000 to buy a large tract of land for a ballpark. The site chosen for the field was Coffee Pot Bayou in St. Petersburg, where a 2,000 seat grandstand was built. Although, the location offered easy access to fishing, swimming and boating, the players did not like the fact that the movie houses in St. Petersburg closed at 9:30 p.m. and the city had only one dance a week. Most distressing was the fact that the city was "dry." Only the Elks club served liquor.

The first game between two major league teams in the area took place in 1914, as the Grapefruit League was established, in which teams played a five-week schedule of exhibition games. On March 26 of that year, at Plant Field on the campus of the University of Tampa, the host Chicago Cubs edged the Browns, 3-2, despite making six errors. The Cubs were fueled early by a first-inning, two-run home run by C. Williams, a blow described as "lucky" the next day by the .. Elmer Koestner and Zip Zabel shut out the Browns through eight innings. — *St. Petersburg Times*

The next day, the two teams met at Coffee Pot Bayou in St. Petersburg and the result was the same, a 3-2 Cubs win. James Leslie (Hippo) Vaughn was the winning pitcher for the Cubs as an estimated 4,000 looked on including many sitting in their automobiles, parked beyond right field. Schools and most offices shut down at mid-day. It later became custom for merchants to close their doors on Monday and Wednesday afternoons to allow employees and customers to attend games.

The Browns vacated St. Petersburg after one year following a dispute over who would pay for the team's expenses. The Philadelphia Phillies replaced them in 1915. After the Phillies moved on three years later, Lang convinced 20 local residents to each contribute $1,000 to build a new ballpark, Waterfront Park, a little north of today's Al Lang Field, built in 1947 in honor of the great baseball promoter.

After a three-year absence, baseball returned in 1922 in the form of the Boston Braves. The Yankees followed in 1925. It probably was not a coincidence that Yankees Manager Miller Huggins had recently purchased a home in St. Petersburg.

It is said that the fact that the Yankees stayed at the Don CeSar Hotel on St. Petersburg Beach in the early 1930s saved the hotel from financial ruin. With players, club officials and media, the Yankees occupied some 125 rooms and filled the hotel restaurant where the players enjoyed steak and unlimited amounts of milk.

With the Yankees came Babe Ruth and his flamboyant lifestyle. On the train ride home from their first spring training in St. Petersburg, Ruth collapsed reportedly from overindulging his large appetite for food and drink. The "stomachache heard around the world" caused him to miss the first month of the regular season. He was subsequently suspended in August of that season for poor performance.

On April 4, 1919 while Ruth was in Tampa for spring training with the Boston Red Sox, he hit what many consider his longest home run, a 587-foot blast against the New York Giants at Plant Field. The feat is commemorated on a plaque at the field.

In 1928, the spring after Ruth's record setting season, 270,000 fans saw Yankees' spring games in St. Petersburg. As a result, Yankee owner Jacob Ruppert cleared a $60,000 profit before heading north.

While with the Yankees on the first day of spring training in 1925 at the team's headquarters at Crescent Lake Field, Ruth gave up shagging balls in rightfield because several alligators had emerged from the lake which bordered the outfield. The park is today known as Huggins-Stengel Field, in honor of former Yankee managers Miller Huggins and Casey Stengel. That field was the first ever used by the expansion New York Mets, who took the field there for the first time in 1962, replacing the Yankees, who ended a 35-year relationship with the St. Petersburg the year before. The Devil Rays held their first minor league spring training camp at the same field.

When the Boston Braves left for Bradenton in 1937, the St. Louis Cardinals came to St. Petersburg the following year and would stay 57 of the next 60, missing only the war years. Only the Detroit Tigers, who have trained in Lakeland for 62 years, have ever had a longer association with a spring training home. The Cardinals left St. Petersburg in 1997 for a new home in Jupiter, Florida, a facility they share with the Montreal Expos. Upon the Cardinals' exit, the Devil Rays pledged they would carry the torch in St. Petersburg thus becoming the first modern day team to conduct spring training in its home city.

Three minor leagues have had affiliates in the Tampa Bay Area: the Florida State League (1919-), the Florida International League (1946-54) and the Southeastern League (1928-30). The area is also home to the Gulf Coast Rookie League.

Minor league baseball began in Tampa Bay in 1919, when Tampa became a charter member of the Class D Florida State League. After finishing dead last the first year, Tampa went 89-28 in 1920, a .745 winning percentage, still the best in FSL history. It was that

year that the St. Petersburg Saints entered the FSL. By 1922, the Saints had won a FSL crown of their own, the first of eight they would win, most in league history. Included in that impressive list is the championship won in 1958 when St. Petersburg became the only FSL ever to win 100 games. St. Pete set a FSL attendance record in 1989 when they drew 202,383 as a St. Louis Cardinals' affiliate. Among Tampa's six first place FSL finishes, was the title earned by the 1961 team led by Reds farmhand Pete Rose who set a still existing FSL mark with 30 triples that year.

The teams from St. Petersburg and Tampa alone have played more than 13,000 minor league games. Add Dunedin, Clearwater and Lakeland and the number soars to 20,000.

Another professional league had a presence in Tampa Bay albeit briefly. The Senior Professional Baseball Association, a league of former major leaguers who were at least 35 years of age or older, sprang up for one season, 1989-90. The St. Pete Pelicans were the first and only league champions.

The prolonged absence of a permanent major league team in this area was not for a lack of effort. Tampa Bay actively pursued major league baseball through expansion and made numerous attempts to lure an existing franchise.

That dogged pursuit lasted some 19 years. Along the way, it appeared a number of teams were headed for Tampa Bay: the Minnesota Twins (1983), Oakland A's (1985), Chicago White Sox (1988), Texas Rangers (1988), Seattle Mariners (1991) and San Francisco Giants (1992) all seemed destined to move to the area. None did. In 1988, local lawmakers approved the use of public funds for a 43,000 seat stadium with the intent of attracting a baseball team. In 1990, the Florida Suncoast Dome was completed and some 20,000 fans pledged $50 for season tickets. The next year, however, Major League Baseball instead expanded to Miami and Denver.

Still not defeated, Tampa Bay officials kept the area in the forefront and on March 9, 1995 the dream became reality. On that date, Vincent J. Naimoli, President and Chief Executive Officer of Anchor Industries International, headquartered in Tampa, and his entirely local ownership group were awarded an expansion franchise for Tampa Bay. The announcement came at the owner's meetings in West Palm Beach Florida. The vote among league owners was 28-0 to admit the Devil Rays and the Arizona Diamondbacks as the 13th and 14th expansion teams in major league history. The reaction in the Tampa Bay area was one of pure ecstasy as the emotions of nearly two decades of disappointment were swept away.

The Tampa Bay area has produced a multitude of major leaguers including Al Lopez, the only Tampa Bay native in the National baseball Hall of Fame in Cooperstown, Wade Boggs, Lou Piniella, Tony LaRussa, Dwight Gooden, Gary Sheffield, Fred McGriff, Tino Martinez, Howard Johnson, Dave Magadan, Luis Gonzalez and Brad Radke.

Joe Magrane returns as television color analyst for the Devil Rays in 1999. Before coming to the Rays, the 10-year major league veteran worked as an analyst on regional ESPN major league games in 1997 and worked with Devil Rays play-by-play man Dewayne Staats on ESPN's coverage of the College World Series. An All-America selection at the University of Arizona in 1985, Magrane compiled a 56-67 major league record with the St. Louis Cardinals (1987-93), California Angels (1993-95), and Chicago White Sox (1996). He finished third in the 1987 N.L. Rookie of the Year voting, helping lead the Cardinals to the World Series. He and his wife Renee have two daughters, Shannon and Sophia.

Todd Kalas

Todd enters his second season broadcasting with the Devil Rays and seventh in the major leagues. Last year, Kalas hosted the Rays' television pre-game show on SportsChannel and the radio post-game show on WFLA. In addition, he filled in occasionally with radio play-by-play. Prior to joining the Rays, Kalas worked on the broadcast teams of the New York Mets (1992-1993) and the Philadelphia Phillies (1994-1996). After graduating with a degree in broadcast journalism from Syracuse University in 1987, he announced University of Delaware football and basketball games. In 1989, he moved to the Tampa Bay area as sports director at Vision Cable in Clearwater before beginning his career in baseball with the Louisville Redbirds in 1991. In the off-season, he hosts a local sports show on Fox-13 and does freelance work for Sportschannel, ESPN, and ESPN2. Todd is the son of longtime Phillies broadcaster, Harry Kalas. He is single and resides in Largo.

Eulides Nunez

The Tampa Bay Devil Rays will broadcast its entire 1999 schedule in Spanish over Mega WBDN 760-AM, representing the most extensive broadcasting commitment ever between the Hispanic community and a professional sports team in Tampa Bay. Handling the play-by-play duties for the broadcasts on Mega will be Eulides Nunez. Nunez is a veteran of 23 years of sports programming, dating back to 1975 when he announced baseball for Orientales in Cuba. That club won three National Cuban Baseball championships over his six seasons behind the mike. He has worked at WSOL1300-AM in Tampa, WCNQ 92-FM in Miami, WRMD 680-AM/Channnel 57 Telemundo in Tampa, WXAX Channel 26 in St. Petersburg and the last two years as news and sports announcer at Mega. He is a graduate of the University of Santiago de Cuba where he studied media and communications. He resides in Tampa.

Devil Rays First To Train At Home In Modern Era

The Devil Rays' major league spring training home is Florida Power Park, Home of Al Lang Field, in St. Petersburg, making the Tampa Bay franchise the first major league team to train in its home city since 1919 when the St. Louis Cardinals and Philadelphia Athletics both trained at home. Between 1943-45, the "War Years," travel restrictions forced teams to alter their routine of heading to warmer weather and some teams trained close to home. Six teams stayed within 100 miles of their home city: Boston Red Sox trained in nearby Medford, 1943-45; Washington Senators trained in a Washington suburb, College Park, MD, 1943-45; Philadelphia Phillies (1944-45) and Athletics (1943) each trained in Wilmington, DE, just 30 miles away; New York Yankees spent 1943 training at the home of Bruce Springsteen, Asbury Park, NJ, some 70 miles from the Big Apple; New York Giants were in Lakewood, NJ, 90 miles away, 1943-45; and the Phillies trained in Hershey, PA in 1943, approximately 100 miles from home.

Devil Rays Minor League Spring Training Information

The first workout for minor league pitchers and catchers is Friday, March 5. For position players it is Tuesday, March 9. The minor league camp will be held at the Devil Rays Spring Training Complex after the major league players move to Florida Power Park, Home of Al Lang Field.

Tropicana Field: The Ballpark Of The 21st Century

Tropicana Field, home of the Tampa Bay Devil Rays, closed its doors in October 1996 for a 17-month, $85-million facelift that transformed the facility from functional to intriguingly innovative, incorporating baseball traditions throughout the dining, shopping and entertainment complex while adding 319,000 square feet of space.

Originally named the Florida Suncoast Dome and then the ThunderDome, Tropicana Field's 1.1 million square feet include unique design features and fan amenities found nowhere else in the major leagues.

• Tropicana Field is the first major league park in more than 20 years to feature Astroturf and all-dirt base paths. All of the other eight major league parks that currently feature artificial turf have only dirt cutouts around the bases and at the pitcher's mound. Only four other Astroturf ballparks have ever featured all-dirt base paths: Houston's Astrodome (1966-71); San Francisco's Candlestick Park in 1971; Pittsburgh's Three Rivers Stadium in the early '70s; and, most recently, St. Louis' Busch Stadium (1970-76). Chicago's Comiskey Park had all-dirt basepaths with an Astroturf infield and grass outfield in the early '70s.

• In keeping with baseball's traditions, the bullpens were relocated after the 1998 season to the field, giving fans a clear view of activity before and during games. The Devil Rays bullpen is located along the right field line, while the visitor bullpen is located along the left field line.

• Seats behind the backstop are the closest in the major leagues — a mere 50 feet from home plate. (St. Louis' Busch Stadium is thought to be the same distance.) These seats are complete with the latest in stadium technology, the ChoiceSeat touch screen venue display unit. Fans can touch video screens, attached to the arm of their seat, to call up one of eight different camera angles, the home team broadcast or the DiamondVision. There is also a replay button, a statistics button, access to the team's web site (www.devilray.com) and a number of other options.

• Of the 319,000 square feet that was added to the facility — including new and wider concourses — it is the area known as Center Field Street that commands the most attention. This bustling area, open year round, features the Cuesta-Rey Cigar Bar, baseball's first in-stadium cigar bar, as well as the Batter's Eye Restaurant, located, appropriately, in the "batter's eye" in center field. The specially tinted windows of the restaurant make up a 130-foot-wide hitting background, yet still allow patrons of the restaurant to watch the game. Also found on Center Field Street are the Budweiser Brew House with its adjoining family entertainment center, merchandise outlets, telecommunications centers, a bank, a travel agency, a climbing wall, a kid-sized concession stand with kid-sized prices, and a food court known as The Taste of Tampa Bay, which features cuisine from some of the area's most popular restaurants.

• On the expanded concourses are nearly 290 points of sale, believed to be among the most in Major League Baseball. Eight escalators and seven elevators provide fans with easy access between levels.

• Ebbets Field was an influence for Tropicana Field in two ways — one by coincidence, the other by design. Tropicana Field's asymmetrical outfield dimensions closely follow those of the Brooklyn Dodgers' old home, a fact that became evident only after those measurements had been determined. Conversely, Tropicana Field's grand, eight-story-high rotunda entrance is designed from the very blueprints used for the rotunda at Ebbets Field, built in 1913.

• Fans can enter the rotunda by following a 900-foot, tropical-theme, ceramic mosaic walkway. Called SunSations, the Florida Power Walkway is the largest outdoor ceramic mural in Florida and one of the five largest in the United States. Made with 1,849,091 brightly colored 1x1-inch tiles, it depicts the sun, sea and beach. A sound system delivers replays of great moments in baseball, play-by-play of Devil Rays games, and music accompanied by synchronized theatrical lighting that casts different shapes and configurations along the way.

• The roof of the dome is lit orange after the Devil Rays win at home, symbolic of the ballpark's title sponsor, Tropicana Dole Beverages.

• Astroturf 12, the grade of the playing-surface turf, is so new that it wasn't even made when the club originally placed its order for the turf. The densest artificial turf available (1 1/4-inch thick including padding), it feels like a soft-cushioned carpet, is less abrasive to the players and gives a truer bounce.

• The outfield warning track, unlike standard rubberized material used in other major league ballparks, features a special Astroturf surface called Astroturf Loop Pile, currently being used in only three other ballparks (in Hawaii, Japan and Puerto Rico). Made from the same nylon fiber as Astroturf 12, its loop-pile fabric construction provides a different feel from outfield turf for players approaching the fence. Plus, since it's denser than typical warning track material, it helps "deaden" the ball's bounce. In addition, Tropicana Field features a 20-foot-wide outfield warning track, instead of the 15 feet used in many ballparks. Together, the special warning track and its extra width are expected to cut down on ground rule doubles.

• Tropicana Field features the world's largest cable-supported domed roof. It's made of six acres of translucent, Teflon-coated fiberglass and it virtually supports itself with 180 miles of cables connected by struts. Opposing forces of tension and compression keep the roof in an arc. Tropicana Field's roof is slanted at a 6.5 degree angle, dropping from 225 feet above second base to 85 feet at the center field wall. The slanted roof reduced the overall construction costs and decreased the volume of air under the dome by 16.8 million cubic feet. Accordingly, that reduced the amount of air that requires climate control treatment. It is built to withstand winds of up to 135 miles per hour.

Tropicana Field History

The original Florida Suncoast Dome was opened to the public on March 3, 1990, at a cost of $138 million. It became the ThunderDome in 1993 with the arrival of the area's National Hockey League expansion franchise, the Tampa Bay Lightning. It was renamed Tropicana Field on Oct. 4, 1996, in accordance with a naming rights agreement between the Devil Rays and Tropicana Dole Beverages North America, located in Bradenton.

Though originally built for baseball, there have been 16 other sports and competitions presented in the facility. These include hockey, basketball, football, sprint car racing, gymnastics, tennis, soccer, weightlifting, ping pong, karate, motorcycling, equestrian events, track, figure skating, monster truck exhibitions and mud bog racing.

The facility has set attendance records in a number of sports. During their three seasons playing in the building, the Lightning established the top 20 attendance marks in NHL history. On April 23, 1996, a crowd of 28,183 attended Game Four of the Eastern Conference Quarterfinals between the Lightning and the Philadelphia Flyers — the largest single-game attendance figure in NHL history.

The Arena Football League's Tampa Bay Storm set all of its records while playing in the facility, including the largest single-game record of 28,746. In 1990, Davis Cup tennis was played at the dome, with a record crowd of 53,150 attending the three-day event. Also in 1990, 25,710 NBA fans saw the Chicago Bulls play an exhibition game against the Seattle Supersonics in what was then the largest crowd ever to attend a basketball game in the state of Florida. That figure was surpassed first by the 26,102 who attended the 1994 first-round NCAA Regionals, then again on March 20 and 22, 1998, when sellout crowds of 40,589 — a record for a non-Final Four game — watched the NCAA regional and semifinal games featuring Syracuse, UCLA, Duke and Kentucky. That record, too, is expected to fall when the NCAA Men's Final Four Tournament is held at Tropicana Field in 1999. The largest crowd to date — 47,150 — appeared at the Aug. 11, 1990, concert featuring The New Kids on the Block.
